Important

The laws governing the allowable application domain for this lighting system may vary from one country to another. We recommend that you inform yourself about the relevant laws in this domain in your country.

Warning

Avoid looking directly into the light emitted by the light or shining the light into your own eyes or the eyes of another person. If the light accidentally shines into your eyes, close your eyes and move your head out of the light beam. Do not use any strongly focusing optical device to look at the light beam. In cases where the light is used in a public or commercial setting, users should be provided with training concerning the safety measures for laser light.

Water resistance

All BAOCH flashlight components are waterproof and can of course be used under extremely severe conditions. However, the BAOCH flashlight is NOT a diving lamp and is NOT suitable for use under water.

Storage

If you intend not to use the lamp for a longer period of time, fully charge the battery and leave it connected to the charger. For storing, we recommend a cool and dry place.

Warranty

The product's one year warranty applies to all components, as well as any manufacturing defect. The warranty does not include the battery, however. In addition, any modification or improper use of the product will void the warranty.

Heat generation

When in high-brightness mode, continuously using flashlight more than one hour may cause metal surface to exceeds 60°C. Please be careful to avoid burns. Charge indicator light goes red during charging. If there is no light, please check whether joint got stain or not. When the light turns green, a full charge has been reached.
